

# Mini Hackathon

<http://aiti.mit.edu>

Indonesia Summer 2013  
Start of Project Period (finally)

# Today's Schedule

Time	Task
9am – 10am	Devise a Three Week Schedule
10am – 12pm	Start Coding
12pm – 1pm	First Break
1pm – 3pm	Some more Coding
3pm – 3:30pm	Second Break
3:30pm – 4:30pm	Final Coding
4:30pm – 5:10pm	Short Presentation of Progress
Afterwards	Dinner on us!

# 9am-10am: Devise a Schedule

- You do not have to plan out every single day: Just plan what you want to achieve in Week One, Week Two and Week Three
- Define Task + Responsible Person(s) for both Technical and Entrepreneurship Side
- Demo Day is on Thursday August 1st, make sure you have your presentation ready by then!
- When you're done, let us know to go over your Schedule

# Technical Schedule

- Frontend Design
  - User Interface Design
  - Switching Activities, Menu, Preferences
  - Starting necessary Services, Broadcast Receivers
  - Database Management
  - Connecting to Android Sensors, Camera, other Apps (google maps), location services
- Backend Design (Which Framework?)
  - Setting up the Database
  - Webpage Design
  - Deployment of Backend
- Connecting Frontend and Backend
- Testing

# Example

## (borrowed from other program)
